

# Honey Buzz Newsletter

Fall Curriculum themes are centered around colors, shapes, apples and pumpkins. During the first couple of weeks, teachers talked to students about school rules and emotions. Students are adjusting to their new schedules and are happy to be at school. Our goal is to positively enrich the lives and learning of young children in our community.

Happy 50th Anniversary!  
Honey Tree opened in 1973 with 46 students and 3 teachers. There are 150 students enrolled this year.
